Men-Tsee-Khang Wellness Camps Celebrating 101 Years of Public Service (March 23, 2017 to March 23, 2018)

We are glad to inform all our organizers, friends and well-wishers who had helped to successfully host our centenary outreach tours to Australia, USA East Coast/Canada, Singapore, Russia, Europe, Taiwan and USA West Coast in 2016-2017. All the respective visiting teams had submitted their tour reports which were well-appreciated and encouraging. When our team to 4-countries in South America concludes on May 3, 2017, we have come to the conclusion of our Centenary Celebration. The outreach tour was successful in creating much awareness on our ancient cultural heritage of Tibetan Medicine and Tibetan Astro-Science to the public. We sincerely thank all the organizers, friends and well-wishers for their help and tireless efforts in making the visit a great success. Without their help and support, the tours would not have been possible.

Seeing to the growing interest and repeated requests for follow-up outreach tours by our organizers, friends and well-wishers, we are glad to inform that Men-Tsee-Khang will conduct a similar outreach tour (health consultations, oral-astro consultations, lectures/workshops on Tibetan Medicine & Tibetan Astro Science, exhibition, sale of sorig & health products) during 2017-2018 to commemorate the 101 years of Men-Tsee-Khang.

We request all the organizers, friends and well-wishers to help arrange and host our outreach tours in their respective places/countries. Each team will comprise of 4-members (1 doctor, 1 astro-science practitioner and 2-administrative staff). Friday, Saturday and Sunday are the days to plan programs. At the discretion of the organizers, Mondays, may be used to plan programs. However, Tuesday-Thursday must be left open for our staff to take rest, do sight-seeing and travel to the next destination. Since the dates of the visits are yet to be confirmed, we request each to send us your convenient/preferred dates. If in any case some of the organizers are unable to help host our visit, we can completely understand. However, we would be thankful if the organizers could help to suggest/recommend about our visit to other new interested organizations/institutes/centres.

International travel expenses, Visa requirements, insurances, etc will be borne by Men-Tsee-Khang. As for the domestic travels, we plan to drive or use other means so that the exhibition items and products can also be transported at minimum expense.

Tashi Tsering Phuri (Mr.)
